7. Compliance - FIFA Trademark Rules

Because HTV DGO Broadcasting Consortium holds an official FIFA broadcast licence, any content you publish as our partner is subject to FIFA's Commercial Guidelines. Violations can jeopardise the licence. Please read this section carefully.

The three golden rules for influencer content:

RULE 1	You are promoting Himalaya Sports & DGO Season Pass - a coverage product. You are NOT promoting 'the FIFA World Cup' as if you were an official FIFA partner.
RULE 2	Never place a third-party brand, personal sponsor, or unrelated brand logo alongside FIFA Marks in the same frame/creative. If you have other sponsors, keep their content completely separate from your DGO/Himalaya Sports & FIFA content.
RULE 3	Never use or recreate: the FIFA World Cup 2026™ Official Emblem, the World Cup trophy image, FIFA's official look and feel (fonts, colours, design language). Use only provided assets.

What you CAN use freely:

- The words 'FIFA World Cup 2026™' in natural editorial language
- Player and team names (these are not trademarks in themselves)
- General football terminology, stats, fixtures, and results
- Provided branded assets from the partner kit
- The phrase “Live & Exclusive On Himalaya Sports & Streaming On DGO

8. Approval & Posting Workflow

All paid content must go through an approval process before posting. This protects you and protects DGO's licence.

STEP 1	Create your draft content (caption + visual / video)
STEP 2	Submit via the WhatsApp to your DGO POC - minimum 48 hours before intended posting
STEP 3	DGO Brand team reviews for compliance (FIFA rules, messaging accuracy, disclosure)
STEP 4	You receive written approval or revision requests within 24 hours
STEP 5	Post ONLY after written approval. Do not post based on a verbal go-ahead.
STEP 6	Share the live post URL/link with your DGO contact within 1 hour of posting

Urgent / match-day content

- For time-sensitive match-day posts, a 12-hour fast-track review is available - contact your DGO manager directly.
